KLE SOCIETY, BELAGAVI

On the 13th of November, 1916, a pioneering effort was begun, that would change the educational landscape of North Karnataka. This was the day the first institution of the KLE Society was established. The founders of K.L.E.S pledged to dedicate for the cause of education with noble ideals and fertile imagination in heart & established Karnataka Lingayat Education Society. They are also addressed as "Saptarishis" in honour of their unparalleled service in the field of education. From humble beginnings rooted in the sacrifice of its founders, the Society now runs over 309 institutions, 16 Hospitals across Karnataka and overseas ranging from kindergarten to post-doctoral research. The underlying philosophy was to encourage individual learning and transform the mindset of the average citizen, he outcome of which, would transform society and bring about positive change. Currently over 1,38,000 students are pursuing their academic dream in these institutions that impart quality education in areas ranging from Healthcare, Agriculture, Engineering, IT, Law, Fashion Technology, Hotel Management, Tourism Administration, Pharmacy, Homoeopathy, Music, Broadcasting through FM Radio, Nursing and B-Schools etc. They are inspired and guided by an accomplished and highly qualified faculty consisting of

over 18,000 committed individuals who share a common passion for education. In 2006, the KLE Society attained the key objective of gaining recognition from the University Grants Commission (UGC) for the KLE Academy of Higher Education and Research (Deemed-to-be-University). The University takes immense pride in its curriculum and endeavours to follow internationally accepted education and healthcare practices. A new era dawns at the KLE Society with the birth of the KLE Technological University (Under Karnataka University Act, 2013).

I am indeed fortunate to be at the helm of the KLE Society and humbly follow in the imposing footsteps of its visionary founders. I have always been inspired by their lofty principles, driven by their integrity and desire to serve society. Unmindful of the constraints, KLE ensures that every individual with a desire to learn, irrespective of which strata he/she belongs to, has access to the infrastructure of international standards. As the KLE Society navigates successfully beyond a century of excellence, I rededicate myself to its service with renewed enthusiasm and sincerely thank all those who have been part of this glorious journey of over a 100 years and countless dreams

Dr. Prabhakar Kore
Chairman-KLE Society
Chancellor-KAHER

KLE ACADEMY OF HIGHER EDUCATION AND RESEARCH

(Deemed-to-be-University) Belagavi - Karnataka

Dr. Nitin M. Gangane
Vice - Chancellor

Dr. M. S. Ganachari
Registrar

"Educate and Raise the Masses, and thus alone a Nation is Possible" (Swami Vivekananda). The KLE Academy of Higher Education and Research (KAHER), Deemed to-be-University, Belagavi is one of the premier Health Science Universities imparting high quality education and research in the country. It spares no effort to ensure that its students get a world class education in their chosen stream. The focus is on creating art of facility for academic environment to acquire knowledge and skills needed to keep pace with the advances in health sciences. It is a matter of pride that the University has a faculty that students can look up to, for their vast knowledge and depth of experience. A number of faculty members have been recognized with prestigious awards such as the coveted 'Dr. B.C. Roy National Award for Eminent Medical Teacher' and the 'Hari-Om Ashram Alembic Award'. With a faculty strength of 970+ and 3000+ support staff, nurses, paramedical staff etc.

The University now runs 11 Health Science Institutions offering courses in Medicine, Dentistry, Pharmacy, Ayurveda, Physiotherapy, Nursing Homoeopathy and Allied Health Sciences. Practical knowledge and hands-on training is gained by students at attached Hospitals such as KLES Dr. Prabhakar Kore Charitable Hospital, KLE Centenary charitable Hospital. The constituent Institutions of University offer 190+ programs at Under-Graduate, Post-Graduate and Post-doctoral levels, 6000+ students, from across the country and overseas, currently pursue their academic dream of professional education at the institutions. At the

13th convocation of the KAHER, 1451 degrees were awarded in various disciplines of health sciences including 23 Gold Medals, 7 Ph.Ds., 9 Post-Doctoral, 445 Post Graduates, 981 Under Graduates, 2 Post graduate diplomas and 7 Fellowship Programs.

The University has been consecutively accredited with highest 'A+' Grade by NAAC with CGPA of 3.39 in 3rd Cycle. We are placed in 'A' Category by the MoE, Government of India has been granted 12B status of the UGC Act 1956. KAHER is ranked among top 100 Universities in the country. A collaboration with Thomas Jefferson University, USA is on sound foundation and is gaining strength and momentum with a number of joint projects and publications apart from student and faculty exchanges. It is one of the eight leading global sites of NICHD (USA) for Women and Child Health Research funded by NIH, USA which has been undertaking community-oriented research projects. The University Department of Education for Health Professionals (UDEHP) enables our teachers to take up newer challenges in teaching-learning with confidence. The University is adding new streams of education, besides health care, with institutions offering programs in Hospitality, FM radio and Music. Today KAHER stands proud with the strength of meritorious students, dedicated and renowned faculty and an excellent teaching and learning process. The never-ending quest for excellence has become the essence of the KAHER.
