Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		<p>COVID-19 pandemic has triggered new ways of learning and the new normal in education is the distinctive rise of e-learning, whereby teaching is undertaken remotely and on digital platforms.</p> <p>KAHER was quick to take note of the entirely new way of education started early to work on the resumption of teaching-learning activities for all its constituent colleges. Tech-savvy faculty members were identified and a taskforce was set-up in coordination with the IT-support team to fulfill the upgrades required for online education. The team was assigned the responsibility to plan and devise a strategy to conduct online classes. This team after analyzing the various online meeting platforms available finalized the Go-to-meeting and Zoom apps, which were subscribed and distributed to various constituent units. Other supporting platforms like Google classroom and MOOC were also employed.</p> <p>Further, it was decided to continue with the learning management platform – Contineo for disseminating, monitoring, and evaluating the teaching-learning processes. The pre-existing lecture capturing system was extensively used and the video lectures available in the repository were circulated among the students. Remote access to library server was enabled to facilitate the access of books and journals to the students and faculty members. One of the constituent units of KAHER, J. N. Medical College went a step further to arrange bedside teaching and clinical teaching via audio-visual aids.</p> <p>Teachers were motivated to take up this challenge and trained in this regard. Several counseling sessions were organized to sensitize the stakeholders such as teachers, parents, and students to propagate the important measures embraced in this regard. All students were provided training on the utility of the online meeting platforms and the learning management systems adopted. The faculty was motivated to develop the e-content resources for institutional learning management system and Swayam platform and already 21 such courses are available in Swayam.</p> <p>Students and teachers who had struggled to access these online platforms were provided one-on-one assistance and wherever possible simple easy solutions were provided to keep the teaching-learning in-process. Students were also facilitated with self-learning tools like e-books, digital notes, power-point presentations, etc.</p> <p>During this pandemic, more than 20,000 online classes, about 150 webinars, guest lectures, several workshops, and conferences have been conducted. Post-lockdown, when the institution received the permission to call back the students, in view of the safety of students and faculty, it was decided to continue with blended learning with the odd-even arrangement, wherein half of the class students had attended offline (in presence) while the other half attended the class via online platform.</p>	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0	
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
Swayam	0	0	0
5. No. of courses developed and available online on Swayam platform by your institution faculty		21
